

BREWERY ENERGY AND WATER WORKSHOP

Join us for this sustainability workshop, and explore ways to save money by reducing use of energy, solid waste, water and wastewater throughout the brewery process. End the day with a beer and a tour of the Tallgrass Brewing Company.

Keynote speaker will be John Stier, sustainability mentor for the Brewers Association, and former director of global environmental affairs and sustainability for Anheuser-Busch, when it was ranked first in the beverage industry by *Fortune* magazine for social and environmental sustainability.

Includes a tour of

Tallgrass
BREWING COMPANY

Staggered tours begin at 1:30 pm.
